SOCCER LEAGUE

Issue #2007-2 / Tryouts

TRYOUT EDITION

May is here and that brings us to the end of the season, tournaments and tryouts. On page 2 of this newsletter you will find a summary of the tryout information for this year. Your child is encouraged to try-out and play for teams that are compatible with their desires, temperament, personality, residence, experience, ability and provides them as much playing time as is reasonable practicable. Remember that you are committing to play on the team you register with for the entire year and that the Duke City League fee is non-refundable.

If this is your first tryout, your child should be dressed in shorts, shin guards and soccer cleats. They should bring a ball and water to drink during breaks. All of the tryouts have a time prior to the actual tryout to record personal data. There may be long lines so come early.

Rules for Tryouts

No player may be contacted by anyone other than his or her own team until May 21, 2007. They can not practice with another team prior to tryouts without the permission of their current coach.

Players may be offered a spot on a team after May 21 at 6:00 pm. However, nothing is binding until the official registration forms are filled out and turned into the Duke City office. These forms will be available on June 11 from the club registrars.

No teams are allowed to practice during the times tryouts are being held for their age groups.

Players should be able to attend all tryouts prior to having to make a decision. They should not be discouraged or intimidated from attending any or all of the tryouts.

Rules for Transferring

Transfers within clubs (from one club team to another team in the same club) are allowed throughout the year.

Transfers between different clubs are only allowed between December 15 and January 15.

Good luck and have a great summer.

**NEW MEXICO RUSH ACADEMY BRANCH
COMPETITIVE U7 - U19 (Duke City Soccer League Teams)**

Our Competitive Branch exists to allow any competitive player the opportunity to take their game to its full potential. Players play with other players of comparable with various levels of commitment throughout. The higher the level...the greater the commitment. Rush believes in striving for excellence. As players progress, they are constantly put in new situations to provide a greater challenge if that is what the player desires. For our top players, goals should include playing on the top Rush team in their specific age group, ODP state teams, regional teams, national teams, and college teams. Player placement levels within New Mexico Rush Soccer Club

New Mexico Rush competitive players find placement in either the Rush's **Academy (Competitive U7-U19)** or **Youth Academy (Recreational U5-U6 and Developmental U7-U10)** divisions. All of these Academy teams participate in an intensive program designed to develop skills to the highest possible level. Academy players can expect a year-round training schedule that can include out-of-state tournament travel, competition in the DCSL's Premier and Challenge brackets, advancement to state, regional and national championships, participation in the USYSA Olympic Development Program, and playing opportunities with nationwide interclub Rush select teams in various tournaments and US Club Soccer events. "I received the opportunity to play with the Hawaii Rush U15B at the 2007 NOMADS tournament in San Diego, California. I had a lot of fun meeting all of the players and seeing their different styles of play. The level of coaching and quality of this playing experience was second to none. NEW MEXICO RUSH YOUTH ACADEMY BRANCH Westside and Eastside Soccer Programs

For Recreational U5-U13 and Developmental U7-U10 (Boys and Girls)

At the youngest ages, the game of soccer should be modified to suit the needs of the players. Players should be given as many touches on the ball as possible in both practice and game situations. A small-sided game such as 1v1 thru 8v8 for the appropriate age groups allows this to happen. New Mexico Rush has designed the following youth soccer programs for all beginning youth soccer players in the Albuquerque area. Whether your player lives on the Eastside or Westside of town NM Rush has the right program for your player!

U5 and U6 Bantam Program (Westside Program)

We feel this philosophy creates not only good athletes but also well-rounded individuals.

Player Development

The Albuquerque United Development philosophy surrounds the individual player. Strong individual skill builds the confidence necessary to excel in match situations. Coaches emphasize this philosophy for U6 to U14 players. Individual development is placed above team results. As players grow and mature through U15 and above, they are equipped with an individual technical foundation which transfers to team success. By emphasizing the skill of the individual, positive team results will follow.

Mission

Rio Vista F.C. invites the soccer community of New Mexico to share in what is a positive era of development in youth soccer. We aim to promote a healthy environment which enables each player to fulfill his or her potential both on and off the field. Players, parents, and coaches should feel confident and comfortable that key areas of development—technical, tactical, academic, personal and social—are the primary concern in each and every decision the club makes.

RIO VISTA F.C. PROGRAMS

Rio Vista F.C. is proud to offer the widest variety of programs and teams from which to choose (depending on age). Each player may choose which program/track suits them best, and tryout for that team accordingly.

SOCCER SCHOOL (U5-U10)

Our goal is to develop young players who are technically capable. The coaching program will develop U5-U8 players who are more flexible, coordinated, and mentally alert/aware while teaching the basic technical skills required to play the game. For U9/U10 the program will look to build on and develop the solid foundations implemented in the younger ages, while also providing the players with a better understanding of the game. By the end of U10 we hope to develop soccer players that have solid technical foundations, be coordinated and have an understanding of the game ready for U11 soccer.

All training sessions will challenge the players while maintaining a safe, comfortable, and FUN environment. We realize that our youngest players develop at their own pace. Regardless of the abilities that players start with, their skills will continually improve throughout their time in the Soccer School. The Soccer School will introduce players to competition, but the atmosphere will be friendly and statistics will not be kept.

Many of the techniques and ideas used at the club have been developed and perfected across Europe and have proven to be successful and enjoyable to players and coaches alike.

The Rio Vista FC offers several track options to all competition teams within the club.

CLASSIC FUTBOL CLUB

The Classic FC is a full service soccer club, serving youth soccer players for over 20 years in Albuquerque. The club supports some 300 players and 36 teams.

Mission Statement

The Classic FC mission has always been simple; to provide quality soccer experience for all levels of players with the primary program focus on player development in a cost-effective environment

Club Philosophy

The club strives to provide a cost-effective high quality program of soccer instruction and player development. Our coaches are carefully selected based on their soccer experience, knowledge, character, and dedication to youth sports. They have made a commitment for continued personal education in soccer and to provide a nurturing environment for all the players. Because we carefully screen our coaches, we do not hire a staff of club coaches. This approach allows us to charge club fees that are the lowest level in all Albuquerque and still provide an atmosphere which promotes excellence.

Many of our teams choose to employ team trainers or professional coaches, based upon the needs of each particular team. Each team is managed as an independent operation and so, is free to determine a program, which will best develop their member players, with little club administrative direction.

Costs

Typical Classic FC participation costs for the player include a \$40.00 club fee (which in the most cost effective in Albuquerque) for a full-service organization. In addition, uniform fees range from \$60 to \$ 110 per player for one or two uniform sets respectively

RIO VISTA F.C. HIGH SCHOOL GIRLS FALL PROGRAM

Rio Vista FC is offering female high school aged players the opportunity to play Club soccer throughout the fall season. The goal of the program is to provide a competitive, learning environment for those players who elect to not play high school soccer. Dependant upon the level of interest players will be offered the opportunity to train three times every week throughout the fall season and will also play in a number of scrimmages. In previous seasons we have traveled to Arizona and Colorado to play against regionally and nationally ranked club teams and again based on numbers in the program this will be considered for 2007.

We will hold an informational meeting in June to explain the program and its objectives in greater detail. All families of female high school age players are welcome. (Players do not have to be current Rio Vista FC players to participate in this program).
